Local Boy In Service

Receives Purple Heart
Gilbert Evans Potts, son of Mr. and Mrs. Louis M. Potts who is in the Army and has seen service in North Africa and Sicily has received for bravery in action the award of "the purple heart". He was wounded by shrapnel, while serving at the front as a radioman in General Clarke's army during last October and was hospitalized in North Africa. He has made a good recovery and now expects to be able to return to his post. The information has reached his parents here with whom his wife is staying.

There will be no public observance of the President's birthday here but in its stead, cards have been sent out for the "March of dimes" and many of our citizens will participate in this way to help the Warm Springs effort.

Receives Photograph Of Medal Award To Sgt. John Plotczyk

The Press in its issue of January 28th published the account of the award to Sgt. John A. Plotczyk of an Air Medal and four bronze leaf clusters for his meritorious services with a "bomber squadron" in downing several Jap "zeros", somewhere in the "south west Pacific". The day of the publication was marked by the re-

ceipt of a letter by his parents, Mr. and Mrs. Andrew Plotczyk, from him, in which he enclosed a photograph of himself being decorated with the medal by one of the officers commanding. It is our privilege to present this picture in our columns of this issue so that his many friends here may have the enjoyment of the award being made in the distant lands of the sea. The photo is inscribed "ot mother nad dad from John". The letter received was mostly personal and contained but little reference to war experiences.

Goes Down At Sea Sgt. Plotczyk Rescued

From Guadalcanal came a press dispatch last Saturday stating that an Army Liberator, bomber, which had participated in a raid on the Lakunai airdrome at Rabaul on January 24th had lost its way in bad weather on its return and had gone down at sea. Skillful handling saved the lives of its crew members and among them was Sgt. John A. Plotczyk of this town who was serving as assistant engineer. Lt. H. M. Hayden of Etana, Calif. was the pilot and he handled the big B 24 expertly in the emergency landing in the rough water. A few of the crewmen were injured slightly but all were picked up by a rescue ship a few hours later. The navigator of the plane was Lt. John F. Freely of Jackson, Miss.

Receives Appreciation Of Friendly Gesture

President William E. Park of the Northfield Schools has just received from No. 10 Downing Street, London, a cordial acknowledgement of the Victory Potato which was discovered on the Mount Hermon Farm last fall and sent to Prime Minister Churchill for his Christmas dinner. It may have been due to military expediency that Mr. Churchill failed to disclose whether he considered the Massachusetts Victory model tuber superior to the British variety. However, he made it clear that this friendly gesture on the part of Mount Hermon School was greatly appreciated.

Joins Red Cross Work

Miss Anne Mattoon, formerly resident of this town and for many years the president of the local Health Council, has been selected as executive director and supervisor of Home Services of the Suffolk County Chapter of the Red Cross, located on the easterly end of Long Island. The Chapter is a large one and has a large area and the fact that its quota in the coming Red Cross drive is \$225,000 with 32 per cent retained for its own effort, indicates its progressiveness. Headquarters are at Huntington, L. I., N. Y.

Received Air Medal

In our account in the Press, last issue, we printed the information of the promotion and citation given to Lieut. Paul T. Davis, son of Mrs. Margaret Davis of this town. We omitted to state that he also was awarded and received the Air Medal for his distinguished services. He remains with his squadron "somewhere in England" and is probably making many scrafs over the European theatre of operations.
